Video Production Camp

Summer Camp for Rising 7th - 12th Graders

**SAVE
\$100**

Register at least 21 days before the start of any EU program* and save \$100. Use code EARLY100. *Not valid on Camp Brainy Bunch.

Offered by Education Unlimited on the campuses of:
Stanford University | UC Berkeley

Welcome

Video Production Camp

Video Production Camp is a fun and exciting program that allows students to work directly with film and video professionals to produce, direct, light, shoot, and edit their own movies. Students will also learn to utilize titles, graphics, music, voice-over, and live-action video while developing leadership, communication, project management, creative design, and technical skills. Students work in a lab equipped with video cameras, production lighting, and PC-based editing systems so that they may learn-by-doing as they shoot and edit their own movies. A professional

staff of instructors with over twenty years of experience in film, television, and video production guides students through an action-packed educational experience. Dynamic instructors, a full program of elective activities, and the latest production technology provide a nurturing environment with a challenging edge.

“The facilities were all fantastic. The computers and cameras we used were awesome and make a difference between our videos and homemade ones. The instructor has a great way of quickly explaining things so that you get it right away.”

Lila S., Video Production Camp participant

Hands-on Courses

Learn to direct, produce, and edit

We offer a Regular and an Advanced Session of Video Production Camp.

High School Video Production Camp

The High School sessions of Video Production Camp include fast-paced, intense workshops in professional filmmaking that allow students to work together and forge long-lasting friendships!

Campers produce their first video on the first full-day while learning the basics of shooting quality footage. The second day presents a plunge into editing as campers produce an Obstacle Video, which turns an everyday event into a premier short film. Students then begin to plan their movie projects which they will shoot and edit in two days. Working on each others' films, students get a chance to try out each key production job on set. Throughout the week, the complexity of the projects grows along with the students' skills and knowledge, developed through a fast-paced mix of instruction and exercises. Students also analyze each others' films in a workshop setting, and study classic films for inspiration.

The week ends with a screening of the students' movies for an audience of fellow-campers, family and friends.

Advanced Video Production Camp

This challenging program offers students entering grades 9 – 12 the unique opportunity to develop more advanced multimedia production skills, including scripting for video, lighting, directing, shooting, editing, and special effects. This advanced camp is perfect for high-schoolers who have already dabbled in digital filmmaking (or who have even attained substantial mastery) and for those who have completed the basic Video Production camp and want to go further.

Students are encouraged to come to the camp with a project in mind, and even with a script draft if possible. A central goal of the program is to have students leave with a quality video trailer to illustrate the project, and a practiced and well thought out "pitch" prepared for their project idea. Even students who come with minimal preparatory work can make good progress and learn important skills. The clearer the idea of what the filmmaker wants to create in the class, the better the final sample trailer and "pitch" can be. Preliminary projects done in the camp will depend on the abilities, interest and follow through of the campers. The primary focus of the program is for more advanced students, but if students with only more intermediate levels of experience attend, we will accommodate them, enabling them to progress as their own skills and interests allow, and at whatever pace is comfortable for them.

Our Advanced Camp participants will use a professional quality camera that is often used to provide training for adult level video professionals.

The Advanced Video camp strives to challenge students to reach a new level of knowledge and technical skill, and our program is carefully scheduled to maximize each student's progress.

Middle School Video Production Camp

In the middle school sessions of Video Production Camp, students learn everything they would in the high school sessions, but with an emphasis on technical skills and teamwork. Students work in a fully-equipped lab and get to use Stanford University's beautiful campus as a backdrop for their films.

Campers plan and shoot video projects on the first full-day. The second day dives into story-telling as campers produce two projects that tell a story using the camera in a creative way. On the third day, students delve into editing by learning how to use Premiere, a professional editing program. Finally, students will work together to create a music video, a short scripted movie, and a personal essay video. Throughout the week, the complexity of the projects grow along with the students' skills, developed through a fast-paced mix of instruction and exercises.

The week ends with a screening of the students' movies for an audience of fellow-campers, family, and friends. Each student takes home a DVD of their work and a Teen Filmmaker's Handbook, containing additional tips, tricks, and instructions to help them continue to develop their video production skills.

Selected Faculty

Profiles of our Outstanding Instructors

Brian Garcia

Brian Garcia is a Certified Arts, Media, and Entertainment instructor who has been teaching video and multimedia production at the high school and college level since 2014. Brian earned his Master of Fine Arts degree in Cinema from San Francisco State and his graduate thesis film has screened at numerous film festivals across the country. He received his Bachelor of Science degree in Television, Film & New Media at San Diego State University. In 2011, he won a Regional Emmy for his undergraduate thesis film, "No Way Home." In 2015, his short film "Coyote Creek" received numerous accolades, including being chosen as a selection at the acclaimed Cannes Film Festival.

Brian enjoys working with students because he also learns while collaborating with them. He has a passion for making an impact on his students in a school environment. When not with his students or working on his own projects, Brian enjoys taking his daughters out for adventures and outdoor activities.

John Propster Jr

John Propster has been involved with video production since high school. He has been teaching video production classes since 1987 for San Francisco Unified Schools at Balboa and George Washington High schools. He has seen video evolve from reel-to-reel tape decks and suitcase-sized cameras where editing involved splicing tape manually, to primitive computer editing systems that produced postage-stamp sized videos, to the increasingly smaller and sophisticated cameras and powerful editing systems we have today. But through it all, his priority for video production has not changed: Tell Your Story. Everything else is secondary.

Through taking classes at Bay Area Video Coalition in San Francisco, John keeps current on the latest developments in video production and editing platforms. He enjoys helping young people discover what stories they have to tell and how to bring them to life through video.

2018 Information

Dates and schedule

sample schedule high school

8:00am	Breakfast in the dining hall (overnight campers only)
8:30 – 9:00am	Extended camper check-in
9:00am	Morning class time – directing and filming workshop
12:30pm	Lunch in the dining hall (included for all campers)
1:30pm	Afternoon class time – editing lab
5:00pm	Dinner in the dining hall (included for all campers)
6:30pm	Group project work and editing time
8:00pm	Evening recreation activities
9:00pm	Extended day camper check-out
10:00pm	Floor check
11:00pm	Room check & lights out

2018 dates

LOCATION	DATES	GRADE
UC Berkeley	Jun 24 - Jun 30	9th - 12th
UC Berkeley	Jul 8 - Jul 13	7th - 8th
Stanford	Jul 22 - Jul 28	9th - 12th
Stanford	Jul 22 - Jul 28*	9th - 12th
Stanford	Jul 29 - Aug 3	7th - 8th

*Advanced session

sample schedule middle school

7:30am	Overnight campers – wake up!

Education Unlimited

Regular Enrollment A check for full tuition or a deposit, (credited toward the total program cost), must accompany your application. Applicants are considered on a first come, first served basis except for Summer Focus, A+ Summer, and CAPC Intensive, which are competitive. Applicants not accepted to the program will have their tuition payment returned, otherwise no refund of any kind is offered without the Protection Plan.

Tuition Assistance Students with financial need are encouraged to call or write for tuition assistance information, or send an email to campinfo@educationunlimited.com. See website for details.

Mail the Following

- ➔ Completed application.
- ➔ Deposit check (\$495 deposit for programs under \$2,300; \$695 for programs \$2,300–\$3,500; \$995 for programs over \$3,500), including the Tuition Protection Plan fee, if desired (*it may not be added after application*). See website for details.
- ➔ International students add \$100.
- ➔ Wait for your enrollment confirmation! (*Please do not make any travel plans until you receive final program details.*)

How did you first hear about the program?			

Reminder You must remit the \$495, \$695 or \$995 deposit with your completed application. Make checks payable to Education Unlimited. Without the Tuition Protection Plan (TPP) this deposit is non-refundable unless the student is not accepted into the program. We recommend that you purchase the TPP, which provides a full or partial refund, as explained in our enrollment policies. The fee for the Protection Plan is 10% of the total tuition before any discounts and must be purchased with this application. No refund of any kind is offered without the TPP. If you answer yes for the TPP, full payment for the Protection Plan must be sent in with this application. With TPP, cancel 31 days or more before camp and receive 100% refund of tuition, cancel 15 - 30 days before camp for a 70% refund, cancel 3 - 14 days before camp for 40% refund. Cancel 2 days before camp or fewer, no refund is provided.

I hereby give permission for my child to participate in the above indicated program. I am also indicating my agreement to, and full acceptance of, all terms and conditions of enrollment listed on the Education Unlimited website and this brochure. See www.educationunlimited.com/pages/enrollmentpolicies.

Please note: Each student's progress in the program is dependent on the individual student's motivation and abilities.
